RE: Administrators Changing Student Grades/Marks

It has come to our attention that, once again, some principals/administrators are having students' grades changed from the teacher's grades to higher grades.

This is, obviously, unacceptable and, in my opinion, falsifying records.

We have been informed that, in some cases, the school counselor has been instructed to change the grades and, in other cases, the administrator has apparently changed the teacher's grades.

We advise that you check to see if your students' grades were changed. If they were:

- In writing, advise the principal/administrator that you have found that your grades for your students have been changed and that you disagree with your grades being changed.
- Detail the changes that were made.
- Notify BTF – send copies via Fax 881-6678 or email sumhauer@btfny.org.
- We will be grieving this.
- Your name will not be used without your permission.
