MEMO TO: Buffalo Teachers
FROM: Philip Rumore
RE: Legal Action against District

While we have attempted to work with the District to ensure its compliance with a law proposed by BTF that would give preference for probationary appointments to some of our successful Temporary teachers, we have met with delay after delay.

We will be going to court to enforce an order to ensure that the law is complied with and that the correct percentage of temporary teachers who have worked with us have preference over candidates who have not.

Stay tuned.
