The article in *The Buffalo News* is somewhat incomplete.

Please review my [June 5, 2015, Receivership Memo](#) for clarification.

The Council of Delegates has been briefed and provided with copies. We have also had two meetings in relation to this.

We will be setting up meetings with all of the impacted schools once the lists are finalized.

In short, the only items that can be negotiated for the identified schools are:

- length of school year/day.
 - Extension of the school year/day must be “proportionately” compensated for.
- class size.
- teaching conditions (not clarified).
- changes to programs (not clarified).
- changes of assignments (not clarified).
- professional development.

Whatever is negotiated or changed is only for receivership schools and for the duration of their receivership.

We will keep you up-to-date as we receive further clarification.
